**UPDATE ON CYBERSECURITY INCIDENT AND
ANNOUNCEMENT OF UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS FOR
THE SIX MONTHS ENDED 30 JUNE 2025**

The Board of Directors ("**Board**") of Uni-Asia Group Limited (the "**Company**", and together with its subsidiaries, the "**Group**") refers to the Company's announcements dated 14 July 2025 and 1 August 2025. As previously announced, the Group was subject to a cybersecurity incident (the "**Incident**") where an unknown party had gained unauthorised access to the information technology server of a member of the Group, resulting in such member being unable to access its data housed in the server (the "**Blocked Data**").

The Board wishes to announce that it has recovered the Group's accounting data from an alternative source and expects to announce the Group's unaudited consolidated financial statements for the six months ended 30 June 2025 on or before 30 September 2025. This is in compliance with the grant by the Singapore Exchange Regulation for an extension of time till 12 November 2025 to comply with Rule 705(3)(b) of the Listing Manual of the Singapore Exchange Securities Trading Limited.

Other than the accounting data that has been recovered from an alternative source, the remaining Blocked Data is not critical to the Group's operations and the Company does not expect any further material impact to the Group's day-to day business operations

The Company is continuing its efforts to address the Incident and restore access to the rest of the Blocked Data, where appropriate. The Group is also exploring a cost-effective approach to strengthen its cybersecurity systems, which will be put in place in due course.
